

PRESS-RELEASES

Cooperative relations is being established with the Bulgarian National Science Fund

Science Development Foundation (SDF) under the President of the Republic of Azerbaijan expands its international relations and cooperates with analogical organizations. On 7th June 2017 Deputy Chairperson of the Executive Board of the Bulgarian National Science Fund (BNSF), Professor Diana Kopeva visited the Science Development Foundation's office. SDF's Executive Director Dr. Elchin Babayev and leading specialists of the SDF have participated in this meeting. Executive Director characterized political, economic and humanitarian relations between both countries established at various levels. Any kind of support will be provided for developing effective cooperation between Azerbaijani and Bulgarian scientists, he said. The main purpose of the meeting was reciprocal acquaintance with the activities of SDF and BNSF and discussion of cooperation perspectives. Parties have agreed collaboration plans for the near future.
