České Budějovice, 28 November 2013

To Science Development Foundation under the President of Republic of Azerbaijan

This is to confirm that Ms. Turkan Gurbanova (Ph.D. student in the Institute of Zoology, National Academy of Sciences of Azerbaijan, Baku) awarded with grant of the Science Development Foundation under the President of Republic of Azerbaijan for a short-term scientific training abroad, spent her scientific visit at the Institute of Parasitology, Academy of Sciences of the Czech Republic, in České Budějovice, Czech Republic during 05. - 30.11. (25 days).

She joined our working team in the Laboratory of Molecular Phylogeny and Evolution of Parasites. During her stay, she learned molecular techniques (DNA extraction, PCR, sequence assembling) and studied coccidian parasites of rodents using these methods. This training in our lab allows Ms. Gurbanova to pursue her Ph.D. study and research activities in Azerbaijan. If you need further information, please contact Prof. Václav Hypša.

Yours sincerely,

Prof. RNDr. Václav Hypša, CSc.
Head of the Laboratory of Molecular Phylogeny and Evolution of Parasites
